## **SOMA SUBHADRAMMA RAMANGOUD ARTS AND COMMERCE COLLEGE FOR WOMEN, RAICHUR**

**2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process**

### **2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences**

Learning becomes more experiential, participatory and socialistic by organizing activities like group discussions, model making, field visits, debates, quizzes, assignments, seminars, project writings, exhibitions, writing articles, poetry recitations, power point presentations and also focuses on co-curricular

Our Institution strives to integrate experiential, participatory, and problem-solving methodologies by devising innovative teaching-learning methodologies that bring a profound learning experience for the divergent students in the Digital Era.

Engaging the learner throughout the lecture session has been the best and acceptable methods of the teaching learning process. The traditional method of teaching inside the classroom engaged the students throughout the lecture session but the learner involvement could not be achieved and the evaluation process is not in an outcome-based method. The traditional way of lecture delivery is teacher-centric, not student-centred. Teaching learning method following the same traditional way of lecturing, content delivery and traditional formative assessment procedures followed are not a suitable assessment for observing the learners' learning experience. Mostly there are no assessments followed for observing the learners' learning experience.

Our institution followed experiential learning, participatory learning and problem solving methodologies for enhancing learners learning experience. Various Participatory and Experiential learning activities followed in our institution

## 2. PARTICIPATORY LEARNING METHODS

- ❖ Seminar
- ❖ Home Assignments and Presentations
- ❖ Group discussions
- ❖ Case Analysis
- ❖ Role plays
- ❖ Making of PPT

Our Institution further provides high quality of out of class learning opportunities through guest lectures, seminars, and workshops that align the academic stated goals and outcomes. The co – curricular and extra - curricular activities plays an integral part of the students' holistic education through various squads of Cultural, Sports, NSS, Quiz, Consumer and Entrepreneurship Development (Start Up). Students participation in Intra and Inter Collegiate Competitions, Cultural events, Sports and Games of District/State/ National and International levels enrich their professional ethics and social responsibilities.

Participatory learning among students is also facilitated through innovative components in Modular Assessing Panel like Group Discussions, Quiz, Poster Presentations, Games and Simulation Exercises and Demonstrations.
