REPORT OF LANGUAGE LAB

The language laboratory is an audio or audio-visual installation used as an aid in modern language teaching. They can be found, amongst other places, in colleges, universities, and academies.

Primary Objective:

1. To equip the students with good communication skills.
2. To emphasize the need of English in the technical world.
3. To prepare them for interviews and future job environments

The college has a well - functioned language lab that facilitates students to practice the language via computer-based exercises and activities. The language lab interactive courses provide a very different experience from the traditional system of teaching and learning English, offering more advanced features and functionalities. The lab offers the students a structured e- learning environment to practice English in an entertaining and interactive way to acquire the main language skills such as listening, speaking, reading, and writing. The effective use of the lab will enhance their active vocabulary and improve their proficiency in speaking the language. The Language lab is powered by ETNL, **Software** - Digital Teacher, Hyderabad is equipped with 20 computers with high speed internet facility and audio-visual aids to refine the linguistic skills of the students. The lab can accommodate 20 students at a time and provide adequate facilities for effective teaching and learning of various aspects and skills of English language. Teacher in- charge of Language Lab is Smt. Gouri Pallakki, Department of English.

The language laboratory plays an important role in the language learning process. As it is a technological aid for learning, it has a number of advanced facilities that can help a student to learn a language with proficiency to communicate. Digital Language Lab is a unique State of Art solution developed to improve communication of all level of students by concentrating on basic language learning skills i.e. Listen, Speak, Read and Write (LSRW). It helps to improve oral as well as

written skills of student. It teaches how English can be used in day-today activities. Using the lab; student can improve the command over their language, gain confidence and get ready for real world challenges like facing interviews, doing presentations, expressing thoughts, etc. Digital Language Lab involves students to actively participate in language learning exercises and get more practice than otherwise possible in a traditional classroom environment. The software- Digital Teacher comes with complimentary study material for self practice, assignments, audio, video, etc. It is user friendly software which can be easily operated by non technical persons as well as non computer savvy user. 2-3 hours of training and self practice during our well defined training program is sufficient for the user to start conducting the classes.
