The Department of Computer Science, S.S.R.G. Women's college, Raichur organized One Day Workshop titled “**Wireless Sensor Network**” on 14th August, 2018 at 12 pm in Seminar Hall. The Lecture was delivered by Smt.Swathi Dixit, Assistant Professor of Computer Science, LVD College, Raichur. Total 50 Students from of B.A and B.Com Students Participated along with faculty members. The session was organized through offline mode in Seminar Hall.

Smt.Swathi Dixit Madam started lecture about the “**Wireless Sensor Networks**” she said that today sensors are everywhere. We take these for granted, but sensors are in our phones, workplaces, vehicles, and the environment. A sensor network comprises a group of small, powered devices, and a wireless or wired networked infrastructure. They record conditions in any number of environments including industrial facilities, farms, and hospitals. The sensor network connects to the internet or computer networks to transfer data for analysis and use. Sensor network nodes cooperatively sense and control the environment. They enable interaction between persons or computers and the surrounding environment. Totally 50 students were benefited by this One Day workshop
